TRUCK NORRIS

*** Kick Ass Food ***

ABOUT

My team and I have been in the food industry for 16 years and have worked for following big brands, Shake Shack Dubai, Kove Collection Cape Town, Hudsons Burger Joint Cape Town. 2 years ago, I decided to start my own food truck business called TRUCK NORRIS with the goal in mind to create the best gourmet free-range burgers in Cape Town. We have worked long and hard in finding the right supplier, creating the perfect sauce, selecting the softest bun and making sure every single aspect of the burger has been carefully crafted. I can assure you that you will be happy with the quality of our product.
